

Directions for online NAPT PDS credit and certificate registration

To Register: Visit the PDS registration link by clicking, <http://napt.org/event-registration/>, or by clicking on the “Event Registration” tab on the NAPT home page, www.napt.org, and selecting the event’s PDS certificate registration link. Please read through the registration details displayed. When ready to purchase the PDS credit and certificate you may click on “Register for this Event” at the bottom of the page and follow all prompts to register.

The cost of the PDS courses for credit and the course completion certificate is \$20/course/NAPT member and \$50/course/non NAPT member. These fees are separate from what the state association may charge. We accept check, Visa, MasterCard, American Express, Discover and purchase orders as forms of payment.

For NAPT Members: All individuals who currently have a NAPT membership or profile in our system may login using their information. If you are unsure of your login or would like to check and see if you have a profile established in the NAPT system, please contact NAPT at 800-989-6278.

For non NAPT members or website visitors: If you are not a NAPT member or do not have a profile setup in the database, please click the link “New Visitor Registration” on the login page and proceed with entering your contact information. The non member fee for PDS course credit and a course completion certificate is \$50/course. If a non NAPT member would like to receive the NAPT member pricing of \$20/course, they may first purchase NAPT membership via the Online Store (<http://napt.org/online-store/>) and then proceed with the PDS registration to receive the reduced pricing. For districts and companies who will have more than one individual joining NAPT, please consider joining under the Group Membership option. This membership allows each individual to receive NAPT Individual Membership benefits at a reduced pricing. Group Membership information can be found here, <http://napt.org/about/membership-info/group-members.php>.

Once logged in or newly registered, you may proceed with the certificate registration. A registration is successfully submitted once a confirmation number is displayed at the end of the checkout process. An emailed confirmation and receipt will also be sent. Once your course attendance is verified and payment is received in full, credit will be issued and the course completion certificate will be mailed to the attendee.

Any questions regarding the PDS registration process can be directed to NAPT at 800-989-6278. If you have any questions regarding the TAA Conference, please visit www.taa-online.org.
